

Cooperation Oval – FIA

Dr. Saqr Alkharabsheh
CEO Oval

Prof. Dr. med. Nabeel Farhan
CEO FIA

Jordanian physicians, dentists and pharmacists who wish to practice in Germany already receive extensive support in their home country through the cooperation between the Freiburg International Academy (FIA) in Germany and The Oval Office for Studies and Research in Jordan.

Both institutions have decided to pool their know-how to enable Jordanian healthcare professionals to make an optimal start into the German healthcare system.

The Oval Office for Studies and Research is the official representative of the FIA in Jordan. The cooperation makes the process easier for Jordanian doctors, dentists and pharmacists and also enables them to get advice locally at Oval, to register with the FIA and to make use of further support offers.
