Professional recognition – Qualification packages

From start to finish: compact and intensive courses as a qualification package

Registration for a qualification package

→ www.fia-academy.de/en

The screenshot shows the Freiburg International Academy website. At the top, there are language options (DE, EN), a search icon, and social media icons for Facebook, Twitter, and YouTube. The logo for Freiburg International Academy is displayed, with the tagline 'FORTBILDUNG • INTEGRATION • ANERKENNUNG'. The main heading reads 'Professional recognition for international health care professionals'. Below this, a paragraph describes the courses: 'With courses, comprising the sections of both general and professional language as well as specialized healthcare and medical knowledge, we prepare international physicians, dentists, pharmacists and nursing staff for all the necessary tests on the way to professional recognition.' A section titled 'All qualification programs (course packages) for compact and intensive courses:' is followed by a 'Free inquiry for qualification program' button. Below this is a dropdown menu labeled 'Choose your profession' and a prominent orange 'START' button. A green arrow on the left points to the 'START' button.

QUALIFICATION • INTEGRATION • RECOGNITION

Professional recognition – Patient Communication Test (PKT)

- FIA's own professional language test
- Held in Frankfurt

Recognition in the licensing procedure:

- For holders of a **degree from an EU country**, the FIA C1 PKT professional language for medicine is currently recognized by the Federal State of **Hessen**.
- Holders of a **degree from outside the EU** must take the C1 professional language test only offered by the Hessen State Medical Association.
- The FIA C1 PKT remains valid as proof of sufficient professional language skills **for all degrees** in the Federal State of **Saarland**.
