Welcome to the Freiburg International Academy

Prof. Dr. med. Nabeel Farhan

CEO and Medical Direction

*Specialist Physician for Neurosurgery
Master of Medical Education*

Around the Christmas time of 1996, I embarked on the journey from Saudi Arabia to Germany to study medicine, experiencing my own arrival in a foreign country with an unknown culture. After completing my medical training and specialist program, I began to use my expertise and experience to support foreign colleagues professionally and culturally. In collaboration with experts from the University Hospital Freiburg, I finally founded the Freiburg International Academy (FIA).

The FIA supports foreign health professionals in their job recognition and career planning. It prepares an individual qualification plan consisting of general and professional language as well as knowledge courses. In addition, it offers the participants comprehensive support in all other administrative processes.

Discover the qualification programs and services of the Freiburg International Academy!
